DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-35 and 39 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 1, the phrase "that can be" renders the claim indefinite because it is unclear whether the limitation(s) following the phrase are part of the claimed invention. See MPEP § 2173.05(d).

Claims 31-35 and 39 are rejected as improper dependent claims. A method claim may not depend from a product claim.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1, 2 and 3 are rejected under 35 U.S.C. 102(b) as being anticipated by Fischer et al. 5,507,423.

Fischer teaches a hook assembly comprising a lining section 21, a fastening section 23, a hook element 32, a bridge 25, a first connector 4, 5, and a screen in the form of the top portion of hook 32.

Art Unit: 3727

5. Claims 1, 2, 25, 31, 36, 37 and 39 are rejected under 35 U.S.C. 102(b) as being anticipated by Johns 3,845,890.

Johns teaches a molded one piece hook and molding comprising a lining section 32, a fastening section 36, a hook element 48, and a first connector 40.

Allowable Subject Matter

6. Claim 38 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

7. Claims 4-24, 26-30 and 32-35 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

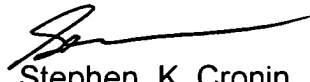

Conclusion

8. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
